STIP AMENDMENT 98S-96-NOTICE

SUMMARY

This amendment revises the scope for a group of Traffic Operation System (TOS) projects programmed for a total of \$800,000 in FY 1999-00 in Alameda, Contra Costa, San Francisco, San Mateo, Santa Clara, and Solano Counties from “repairing and activating loop detectors” to “purchasing equipment to activate loop detectors”, and changes the lead agency from the Metropolitan Transportation Commission (MTC) to Caltrans.

RECOMMENDATION

The Metropolitan Transportation Commission (MTC) is requesting this amendment. The Department recommends approval of this amendment.

RESOLUTION

Resolved, that the California Transportation Commission (CTC) revise the 1998 State Transportation Improvement Program (STIP) at the end of the 30 day notice period as shown on Attachment A.

BACKGROUND

Loop detector monitoring stations on various freeways throughout the Bay area are a critical part of the Traffic Operation System (TOS). As part of the 1998 STIP, the Metropolitan Transportation Commission (MTC) programmed \$800,000 for installation and necessary repairs of loop detectors at key locations. A new agreement between MTC and Caltrans changes the lead agency status for the project to Caltrans, revising the scope of the project to the purchase of necessary equipment. Installation of the equipment and repairs of the loop detectors will be accomplished by Caltrans.

Attachment A shows the revised TOS projects.

ATTACHMENT

Attachment - STIP Amendment 98S-96
RTIP - Projects Other Than Local Road Rehabilitation
(\$1,000)
